

David Farmer/Drama Resource Drama INSET and CPD 2022

Since 2005, Drama Resource has supplied high quality Drama INSET training across the UK and abroad in primary and secondary schools as well as at conferences. A typical CPD session introduces staff to a range of drama strategies, games and approaches which can be used to boost literacy and to create interactive learning opportunities across the curriculum. An opportunity is given for staff to discuss and try out approaches linked to current and upcoming topics and themes. We also offer inspiring and original training in stage direction, including voice, movement, ensemble work, devising and working with a script.

The interactive staff training day can be tailored to the specific requirements of the school. All courses are highly practical and include full course notes, enabling participants to easily adapt the approaches for their own use. Booking David Farmer to visit your school can be a very cost-effective way of training staff. If you prefer online training, please contact us for a quotation.
